

# SmartDisplay

## Features

- RF interface to Synapses system.
- Rechargeable batteries.
- LCD with backlight.
- Display information:

### **Electricity Metering:**

- Time of Use registers [kWh].
- 24 hour Load Profile in 30 minute intervals.
- Consumption [kWh] from beginning of month.
- Buzzer Current Limiting warning.
- RF signal strength.
- Battery power status.

### **Water Metering:**

- Consumption [kl]

### **Load Management:**

- SmartRelay state indication.

## Technical Specifications

Power requirements	Rechargeable batteries	2x 1.2 V, Size AA
Communication	Frequency	868 MHz
Dimensions	Height	88 mm
	Width	147 mm
	Depth	25 mm
